

Solutions that work for your business.

WE WORK ON SOLUTIONS - TECHNOLOGY IS JUST A TOOL

Since our inception, we have diligently worked on mutually beneficial relationships with all our clients. We are firmly rooted in the belief that total customer satisfaction is the key to success.

IT SUPPORT SOLUTIONS

- NETWORK MANAGEMENT
- SECURITY / FIRE WALL
- HELP DESK / REMOTE SUPPORT
- SERVER MANAGEMENT
- BACKUP / RECOVERY

In the new economy, we realize that customers are increasingly demanding the flexibility that best serves their unique business requirements. We provide the option of selecting a combination of different pricing models to meet your requirements. This enables the client to keep their business budget afloat while ensuring timely delivery of projects without compromising any aspect of the project itself.

flexible solutions for your small business needs

IT Solutions

We discover, design, and deliver cutting edge IT solutions. Although we specialize in the areas of mobile computing, web-enabled and client/server system, our approach remains holistic. Our services range from Requirements Gathering, to Development, and Support. We utilize the latest in web, Open Source, databases, and OS technologies to deliver supportable and scalable solutions.

Accounting / Payroll Solutions

We help you in setup accounting systems using one of the standard softwares like Quickbooks or Sage / PeachTree. We provide configuration and necessary customization and training so that you can utilize the software capabilities to its full extent. If required, we can manage your entire back office, bookkeeping, A/P, A/R and Payroll in consultation with your CPA. We will train you to understand and use various reports to manage your cash flow and other aspects of your business.

Web / eCommerce Solutions

Our range of services includes design; development of websites, shopping-cart, social media presence to web analytics to Search Engine Optimization (SEO).

Workflow Solutions

We specialize in designing integrated business processes in the area of Finance / Accounting, Marketing, Inventory, and HR to make your business run smoothly and efficiently.

Customer Relationship Solutions

Based on clients' requirements and budget, we deploy solutions ranging from simple BCM, ACT, Goldmine to more complex products like Microsoft Dynamics CRM, Sugar CRM, to track and manage customers.

WE'VE WORKED WITH A DIVERSE CUSTOMER BASE. HOW CAN WE HELP YOU?

The bottom line is that we will do what it takes to provide an affordable solution that is right for your business issues and opportunities.

CUSTOM SOLUTIONS

We offer many development alternatives including fixed-price, giving our customers the flexibility to balance their budgets and schedules.
